Mumbai-400001

Dear Sir,

Sub: Disclosure under Regulation 30(4) of the SEBI (Listing Obligations & Disclosure Requirements) Regulations, 2015.

In furtherance to our letter dated 23rd March, 2020, 9th May 2020 and 23rd May, 2020 wherein the Company had informed of the disruption of operations of the plants on account of the COVID -19 pandemic followed by Amphan Cyclone, now we wish to inform you that the present position of different factories is as under:

Alcohol Division

Out of the two distillery units at Noorpur, one has resumed production after the Amphan Cyclone with effect from 16th June, 2020. However the other unit at Distillery is expected to resume its operations by June end.

The Country Spirit bottling units are functioning at 50% capacity. However the operations of the bottling unit at Dankuni is suspended due to an absurd order of Excise Dept, West Bengal and the matter is in the Court.

Marine Division

Due to COVID, Marine processing plant at Kolkata was allowed to operate at Low capacity. The Plant is running at capacity of 30-35% due to low availability of raw material and labour, which is a result of low stocking as well as impact of Cyclone "Amphan". We have entered into contract manufacturing with a marine processing plant at purba medinipore, West Bengal and started the production on a low scale. The earlier contract with marine processing plants at Ongole and Kolkata have been discontinued /terminated. Marine Feed business is also operating at low scale due to low stocking by the farmers due to COVID and AMPHAN.

This is for your information and record.

Yours Faithfully,

For IFB Agro Industries Limited

Ritesh Agarwal
(Company Secretary)
